

NORTHSIDE LIONS

**Lions Homeschool Sports Club
Parent / Legal Guardian Statement of Cooperation
2017-18**

1. I understand that the Lions Homeschool Sports Club (LHSC) is a private club created for the purpose of providing homeschooled boys the opportunity to play competitive sports in a manner that brings honor and glory to God.
2. I will not knowingly at any time undermine the LHSC or its purpose.
3. I will do my best to support LHSC in helping to meet its practical needs whenever and in any way that I can.
4. I will do my best to have my son at all practices and games on time, to insure that he is respectful of the coaches, players, referees, and fans and that he will abide by and be subject to all player codes of conduct and dress. As his parent I will set an example by also demonstrating respect for coach's decisions, other players, referees and I will abide by the statement of cooperation.
5. I understand that the LHSC coaches will try to give each player as much practice and game time play as possible. But as a competitive sports club I also acknowledge that the coaches are tasked with devising game and practice strategies that will enable them to win. And as such, they will utilize the players they believe will provide the best chances for success.
6. I understand and accept that practices are a prerequisite to playing in games and that if my son does not attend practice his game time may be reduced
7. I will not use profanity, illegal drugs, tobacco products, or drink alcoholic beverages at any LHSC functions. I will refrain from using abusive language and gestures, toward any game official, coach, player or fan. I will always be conscientious to conduct myself at all times in a proper manner.
8. I understand the LHSC strongly encourages parents to travel with their players and to make away games part of the family experience. LHSC also understands that there are times when parents, due to other family and work commitments cannot attend games.
9. I understand that my son will not be allowed to practice with the team or receive his uniform until I have returned all paperwork and paid my fees or arranged for a payment schedule
10. I understand the LHSC is a "not for profit" organization. All money received by the LHSC is spent on the operation of the club. I understand that to enable the club to function at an affordable cost, every parent/family will be required to volunteer during the season in some manner. While team members and coaching staff are exempt from admission charges to games, other family members are subject to admissions at both home and away games.
